Attention Ben

Dear Ben

## **Picton and Blenheim Grouting Contract**

I would like to take this opportunity to thank you and your staff for the excellent performance of your Company during the above contract.

We have had a 50% reduction in flows through the McLauchlan Street catchment. This is a great result, almost 20% better than expected. When you consider this flow is pumped through two other stations, there will be considerable savings on running costs.

It is great to work with a company who are customer and result driven, and willing to go the extra mile to achieve the results required by the customer. Your Company's reporting and the way you have kept us informed of costs throughout the contract were excellent and enabled us to have positive control on budgets.

You have a great team and, once again, I would like you to pass on our thanks for a job well done. Please feel free to get any prospective clients to contact me if they require any references for the performance of your Company.

Yours sincerely

**KERRY WALSH**  
**ENGINEERING OFFICER**
